

We are proud to announce the "Try it before you buy it" program. We will bring an AP-TraX system to your facility tailored to your needs to prove that our products and services are the best in the industry. When your device is running exactly as you had envisioned, you have the option to purchase the demo unit and/or order your AP-TraX systems that was designed specifically for your application.

I wish a Free trial the following Equipment for a period of ____ weeks.

Preferred Start Date of Equipment Trial ____ / ____ / ____ End Date ____ / ____ / ____

Enquiry Contact for this Free trial:

Name: _____
 Company: _____
 Address: _____
 Phone: _____ Fax: _____
 Email: _____

Please read the following terms and conditions, then fax the completed form to (250)860-3763. Attention: Garry Harder, Sales Manager. Or email a scanned copy to garry.harder@romcomm.com

- No equipment will be issued until a signed Trial Agreement Form has been received
- Items can be trialed for between one and four weeks
- If a longer term required than that stated on the form, ROM Communications must be notified and agree to any such extension
- At the end of the term, the equipment on trial can then be purchased by contacting a ROM Sales Representative or can be returned. Customers will be charged full retail value for equipment not returned in a timely manner.
- Equipment is to be picked up by a ROM representative or returned via registered post or a courier company, so as to enable tracking and proof of delivery.
- The customer is liable for any damage, loss or theft of ROM's goods.

I have read & understand all the above conditions & agree to them without reservation:
